We're Moving!

GSHP, Inc. is proud to announce a long-awaited move into a new state-of-the-art facility in Millville, NJ. This new facility is almost 4x larger than our current location, so we are extremely excited about the expansion opportunity that this new building will provide us.

Please note:

We will be operating at limited capacity between Monday, December 18th, 2017 thru Friday, December 29th, 2017 while we complete the moving process.

We will be fully functional at our new location at
301 Riverside Dr, Millville, NJ 08332 as of January 3rd, 2018.

During the timeframe of limited capacity, we will be taking new orders and quote requests, but we will be unable to make any deliveries, and no customer pick-ups will be taking place. Please make sure that all orders needed throughout the end of this month are **picked up on or before Friday, December 15th**. We apologize for any inconvenience this may cause you, and we ask for your patience as we are making this massive transition into our new headquarters.

We look forward to continuing to serve your traffic safety needs in our new facility in Millville, NJ, and remember, "Your Safety is Our Business!"

Thank you for your patience!
